FOR IMMEDIATE RELEASE:

PHARMACEUTICAL DISTRIBUTION CENTER GOES LIVE WITH GROM ASSOCIATES SAP DEPLOYMENT

On Time and Under Budget, Grom Completes Two-Year Project Utilizing Extensive Suite of SAP Modules

Flemington, NJ – February 18, 2008 – Grom Associates, Inc., a full lifecycle consulting firm providing business consulting and enterprise software integration services to the Fortune 2000 worldwide, today announced it has completed a near two-year SAP deployment project at a regional pharmaceutical distribution center for one of the world's largest and most respected Life Sciences companies, as part of its new supply chain strategy.

Chosen for their deep experience deploying enterprise solutions in regulated Life Sciences environments, Grom was responsible for the complete program and project management of the system implementation, which included a majority of SAP modules, including: **SAP FI** (Financial Accounting), **SAP CO** (Controlling), **SAP MM** (Materials Management), **SAP PP** (Production Planning), **SAP SD** (Sales and Distribution), **SAP BI** (Business Intelligence), **SAP QM** (Quality Management), and **SAP APO** (Advanced Planning and Optimizer – a suite of supply chain planner applications addressing supply network planning, demand planning, production planning and detailed scheduling.)

Utilizing their proven approach, experiences, and methodologies, Grom completed the extensive SAP deployment on time and under budget.

About Grom's Life Sciences Practice

Grom's life sciences solutions are implemented using the proven **Grom Empowerment Methodology (GEM)**, a phased approach that guides each client project from start to finish – designed to maximize results, minimize risk, drive user adoption, and ensure project success. **GEM for Life Sciences** extends Grom's proven best practices to include industry-specific threads including **Data Migration & Data Governance, Regulatory Compliance & Controls, and Validation & Quality Assurance.**
